QUESTIONS RECEIVED FROM THE VENDOR

1. Question: **ACPTC is an addition to the scope of current services. Last time we bid we listed the cost of this meal service separate from ASH meal service. Shall we do this again or include all meals under one cost?**

Answer: ***Please refer to the revised Price Sheet in this Solicitation Amendment 1.***

2. Question: **Page 33 Item YY states that if the kitchen is to be used for other meal services, details must be in writing. We are currently providing off site meals with approval. Shall we include this in the proposal or afterwards if we are awarded the bid?**

Answer: ***These activities will need to be identified and approved by the Hospital based upon an awarded Contract.***

3. Question: **Page 41 Item 5.4 increases the type of high risk patients required to be seen by a registered dietitian. This is an item that has never been required and will have a significant impact on labor costs. Shall we add the necessary yet costly dietitian labor?**

Answer: ***The Price Sheet reflects a line for daily costs associated with a Registered Dietician***
